Why Medical Tourism Korea?

Korea, a Global Medical Tourism Leader!

The country has ample clinical trial experience, advanced medical technology, reasonable prices, rapid and efficient diagnostic technology, and an advanced IT-based medical infrastructure. Skilled Korean medical staff provides world-class medical treatments and services.

GLOBAL

- Won award for Health and Medical Tourism: Destination of the Year for two consecutive years
- Medical staff from 32 countries around the world have completed medical training programs in Korea.

EXCELLENT

- On par with other advanced medical leaders in terms of cancer treatment and organ transplantation technologies
- Korea's medical infrastructure ranks top globally in the adoption of the electronic medical record (EMR) system.

RELIABLE

- Registration System for Medical Institutions Serving Foreign Patients
- Korean Accreditation Program for Hospitals Serving Foreign Patients (KAHF)

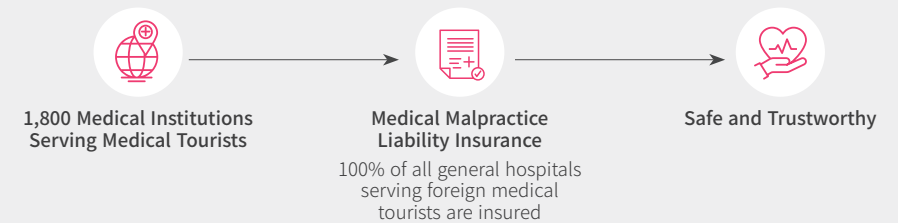

CONVENIENT

- Medical Tourism Information Center

Reliable Medical Tourism Korea

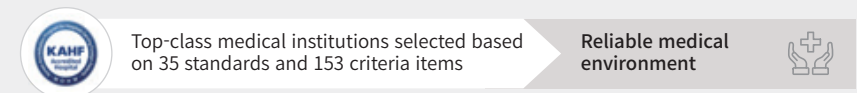

• Registration System for Medical Institutions Serving Foreign Patients

The Korean government implemented this registration system in 2009, providing medical tourists with reliable and quality medical services.

• Korean Accreditation Program for Hospitals Serving Foreign Patients (KAHF)

The Korean government strictly assesses the quality of medical services, including treatments, infection control, and prevention of medical treatment disputes through the KAHF.

Specialized Systems for Medical Tourists

• Transparent Medical Services Without Illegal Brokerages

The Korean government imposes prison sentences that are a maximum of three years, or a maximum fine of USD 27,000 to enhance the transparency of its medical services. Those who report unlicensed brokers will receive a reward that is up to USD 9,000.

Convenient Medical Tourism Korea

Medical Tourism Information Centers support the entire medical tour process, ranging from entry/departure to visa consultation to the booking of medical services. Through customized brokerage services, the centers provide information and materials on various hospitals so that medical tourists can choose from a wide range of options. Plus, the centers provide visitors with worry-free medical services by allowing them to experience advanced services first hand.

• Medical Tourism Information Centers

Information and Consultation Services on Medical Tourism

Provide immediate consultations with the medical institutions foreign patients choose

Provide accurate information on approximately 400 medical institutions in Korea

Provide brochures and leaflets on medical institutions/products

Allow visitors to experience various medical devices and tea therapy

Medical Care Korea!

Major Medical Fields

Integrated Internal Medicine	10
Plastic Surgery	10
Dermatology	11
Physical Examination Center	11
Obstetrics and Gynecology	12
Orthopedics	12
Traditional Korean Medicine	13

Integrated Internal Medicine

Strength

- Number five globally plus three of the top 20 global hospitals for cancer treatment are based in Korea.
- The five-year survival rate for stomach cancer patients is 77% in Korea, which is two times higher than that of the US (32.4%).
- Approximately 1,000 doctors worldwide visit Korea to learn about the country's integrated cancer treatment systems.

Medical Field

- | | |
|--|----------------------------------|
| • General internal medicine department | • Cardiology department |
| • Infectious diseases department | • Nephrology department |
| • Endocrinology-metabolism department | • Allergy department |
| • Rheumatology department | • Hematology-oncology department |
| • Gastroenterology department | • Pulmonology department |
| | • Family medicine department |

Strength

- Korea holds 25% of the global cosmetic surgery market.
- Korean plastic surgeons write major, official plastic surgery textbooks used across the globe.
- Korea offers a reliable medical infrastructure, such as cameras installed in operating rooms and the disclosure of the names of medical staff members who participate in the surgeries.

Medical Field

- | | |
|---|---------------------------|
| • Minimally Invasive /Non-Invasive Surgery | • Invasive Surgery |
| • Botox | • Breast augmentation |
| • Winkle reduction | • Facial plastic surgery |
| • Injectable fillers | • Hair transplantation |
| • Aqua peels | • Liposuction |

Plastic Surgery

Dermatology

Strength

- Know-how in dermatological treatments of Korean celebrities has grabbed much attention globally.
- Korea's global top-in-class stem cell technology has anti-aging and immunity-boosting effects.
- A large number of Korean healthcare practitioners in the field of cosmetic skin treatments and post-procedural management have entered the overseas markets.

Medical Field

- | | |
|-------------------------------|---------------------------------------|
| • Skin Laser Treatment | • Skincare |
| • Freckles/pigmentation | • Acne/flush |
| • Lifting | • Whitening/moisturizing/regeneration |
| • Scars/pores | |
| • Dermatopathy | |

Strength

- Ranks no. 1 in terms of the EMR system adoption rate by medical institutions
- According to the Global Health Security Index, Korea ranked fifth in terms of disease detection, scoring more than double the average for 194 countries.
- The rate of Korean hospitals that own magnetic resonance imaging (MRI) devices is more than double the OECD average, placing Korea fourth among OECD countries.

Medical Field

- **Basic Program**
 - Basic items, medical examination via interview, electrocardiogram (ECG), lung function, breast tomography, blood test (uric acid, liver function, kidney function, thyroid, blood sugar, etc.), gastroscop, abdominal ultrasonography, eye examination, blood pressure, etc.
- **In-depth Program**
 - Basic items plus items that patients want to add
- **Premium Program**
 - Stay-in examinations at a VIP hospital room
 - Basic and in-depth examination

Physical Examination Center

Obstetrics and Gynecology

Strength

- Home to one of the top five global fertility centers
- High infertility and subfertility treatment success rates lead to a 45-50% pregnancy success rate.
- IVF treatments in Korea cost one-sixth the price of treatments in the US

Medical Field

- | | |
|--|--|
| <ul style="list-style-type: none"> • Infertility & Subfertility • IVF • Artificial fertilization • Polycystic ovary syndrome • Endometriosis | <ul style="list-style-type: none"> • Female Cancer • Gynecologic cancer • Ovarian cancer • Cervical cancer • Uterine cervical cancer |
|--|--|

Orthopedics

Strength

- Ranks fifth globally in terms of the number of spine disease research papers
- The success rate of idiopathic scoliosis surgeries in Korea is at 80-90%.
- Korea is home to one of the top nine global orthopedics clinics and home to four hospitals ranked in the top 30.

Medical Field

- | | |
|--|--|
| <ul style="list-style-type: none"> • Spinal Disease • Spinal stenosis • Sprain, etc. | <ul style="list-style-type: none"> • Joint Diseases • Shoulder • Hand/foot • Hip joint • Knee • Elbow, etc. |
|--|--|

Traditional Korean Medicine

Strength

- International medical journals have scientifically proven the efficacy of traditional Korean medicine.
- Collaborative treatments using both traditional Korean and western medicine effectively reduce the side effects of surgeries.
- Traditional Korean medicine has gained popularity with those seeking weight loss, beauty care, and non-surgical procedures.

Medical Field

- **Lower Back Treatment**
- Chuna manual medicine (CMM)
- Nerve root recovery therapy
- Motion style acupuncture treatment (MSAT), etc.
- **Neck and Temporomandibular Joint Treatment**
- Chuna manual medicine (CMM)
- Motion style acupuncture treatment (MSAT)
- Daoyin exercise therapy, etc.

Korea,
the Medical Tour Service Leader

General tertiary hospitals provide medical services with high difficulty levels to patients with severe illnesses. The Ministry of Health and Welfare conducts comprehensive evaluations covering human resources, facilities, and equipment, then assigns designations every three years.

General Tertiary Hospitals Most Visited by Foreign Patients

Introduction to General Tertiary Hospitals

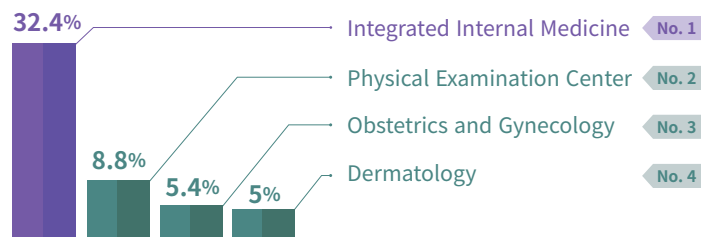

Seven Hospitals Are Included in the Top 100 "World's Best Hospitals 2021"

Several general tertiary hospitals in Korea were included in the top 100 "World's Best Hospitals 2021" as ranked by Newsweek, a weekly US news magazine. It clearly shows that Korean general tertiary hospitals have a global scale.

National Ranking	Name of the Hospital	Global Ranking
1	Asan Medical Center	34
2	Seoul National University Hospital	42
3	Samsung Medical Center	73
4	Severance Hospital	76
5	Seoul National University Bundang Hospital	87
6	The Catholic University of Korea, Seoul St. Mary's Hospital	89
7	Korea University Anam Hospital	97

Foreign Patient's Usage of General Tertiary Hospitals

< Usage of General Tertiary Hospitals by Departments >

Ministry of Health and Welfare, Statistics on International Patients in Korea, 2019
