[2022 Welcome Daehakro] has prepared a variety of programs such as the 'Re:Boot! Alongside these events, Daehakro tour programs such as the 'Get-Together Guided Tour' and the 'Self-Guided Tour' will be organized in collaboration with local businesses in Daehakro so that the area can be recognized as a performance and tourism spot.

We look forward to your interest and participation in [Welcome Daehakro 2022], which has returned with many more programs.

PAMS (Performing Arts Market in Seoul)

September 26–29, 2022

### A place to meet performing arts of Korea and around the world, PAMS

“Performing Arts Market in Seoul (PAMS)” is an arts market that started in 2005 to export Korean performing arts overseas and encourage arts groups to enter the foreign market, based on an active creation and producing culture. Hosted by the Korea Arts Management Service, the event is also supported by the Ministry of Culture, Sports and Tourism, and Arts Council Korea. Last year, due to the COVID-19 pandemic, the event discussed the topic of international mobility in the post pandemic era, or Next Mobility, and shared opinions on new alternatives to distribute cultural arts. Events included “PAMS Ground,” where performing arts experts shared their knowledge freely on online booth locations, “PAMS Salon,” where experts shared their insights and discussed recent issues in the performing arts sector, and “PAMS Choice,” where various performances that received a lot of attention worldwide were showcased. This year, PAMS will take place from September 26 to 29 at Daehakro in a face-to-face format and on the online platform PAMS ON.
